The United Irish Cultural Center was founded in 1974 by a dedicated group of the Irish community in San Francisco. The Center has provided a venue for many over the years for gatherings; both social and business orientated, and will continue to do so for many years to come. Located at 45th Avenue, near Ocean beach, presents the building with many maintenance difficulties. 100% of the monies derived from your membership subscription will go toward the expense of replacing and repairing many components of the building, for example, the structure, air conditioning systems, interiors, kitchens and all aspects of keeping the building and the UICC intact for future generations of members.
