BOARD MESSAGE

Reflecting on Nearly Fifty Years in the Community: A Retrospective and Future Outlook

Liam Reidy

Examining the construction timeline of the current Irish Center, as narrated in the Center's monthly bulletin from the early 1970s, it's notable that fifty years ago this month marked the commencement of the building emerging from the sand dunes at the intersection of 45th Avenue and Wawona. Progress was swift, with work proceeding at a frenetic pace. The groundbreaking ceremony had occurred just a few months prior, on Sunday, November 11, 1973. Foundations were established by early December, and by the close of the year, the side walls were already in the process of being erected.

Fundraising Efforts — In February 1973, the building committee announced the availability of the site on 45th Ave for purchase at a cost of \$100,000. The early contributions from membership sign-up fees and initial fundraising initiatives successfully raised enough funds to acquire the land and initiate the planning phase. Simultaneously, during the initial stages of construction, Tom Hayes, the Chairman of the Fundraising committee and Vice President, played a crucial role in orchestrating ticket sales to secure essential finances for the building's construction.

The estimated construction costs were projected to be \$300,000. To supplement funds, members of the local community extended loans to the Center, with an 8% annual interest rate paid back to the respective members. This collaborative effort reflected the community's dedication and financial support in bringing the vision of the Irish Center to fruition.

Framing Prediction — In May of 1973, while the plans for the building were progressing through the approval process at city hall, Tim Brosnan was summoned by President Liam Spiers during a membership meeting one evening. The question posed was about the timeframe needed to frame the wooden structure. Tim responded confidently, stating that it would "take 20 carpenters 15 weeks to frame the building." This moment underscored the determination of the group, highlighting their resolve to persist until the construction of the building was successfully accomplished.

Membership Roll Challenges — Despite the building committee's persistent efforts to achieve a target of 1000 signed-up members before commencing construction, the project proceeded with nearly 800 individuals on the membership roll. The hope was that additional people would join before the Center's anticipated opening in 1975.

Come on Down! — Once the foundation was successfully in place, a call for labor assistance at the construction site was disseminated through the monthly newsletter. Pat Brosnan, the individual overseeing daily operations, was in need of additional hands, and the bulletin emphasized that there was a role for everyone at 45th Avenue and Wawona. The message conveyed that one didn't need to be a carpenter to contribute, and the call for volunteers was inclusive, encouraging individuals with varying amounts of time, whether it be a few hours on a Friday or Saturday, or even a spare day off during the week, to come forward and join the efforts at the Center.

(President's Message continued on page 2)

Golden Anniversary 2025 — With slightly more than twelve months remaining until the golden anniversary of the inauguration of the United Irish Cultural Center on March 8th, 2025, we stand at the threshold of a new chapter with the 2025 Project rebuild. Spearheaded by community leaders, including Supervisors Joel Engardio and Myrna Melgar, and wholeheartedly endorsed by Mayor London Breed, Governor Gavin Newsom, and several former San Francisco mayors, this ambitious project serves as a testament to the collective determination and shared heritage that defines our community.

Vision and Support — The envisioned 120,000 square-foot facility transcends mere architectural achievement; it stands as a vibrant amalgamation of culture, innovation, and community spirit, poised to address the diverse needs and aspirations of the Bay Area community. With a budget of \$75 million, the project mirrors meticulous financial planning and enjoys widespread support. The decision to commence construction, backed by 75% of the required funds, underscores our shared commitment and responsible stewardship.

Community and Collaboration — At the heart of this initiative lies the unwavering dedication of numerous volunteers and the priceless pro bono contributions that have been instrumental in shaping the project over the past 2 1/2 years. Our robust committee structure, comprising the board, steering, building, and rising leaders, guarantees a comprehensive and inclusive approach to our endeavors.

Cultural and Technological Nexus — The new center will go beyond celebrating Irish heritage through lively cultural events such as the St. Patrick's Day parade; it also actively cultivates forward-thinking opportunities in areas like artificial intelligence and technology innovation, embodying the dynamic spirit of Silicon Valley.

Inclusive Amenities — From a top-floor restaurant and wellness facilities to dedicated spaces for education and community support, the center is meticulously designed to serve as a vibrant hub of activity, learning, and unity.

Commitment to Excellence — Our collaboration with esteemed architects and designers, notably the visionary Studio BANAA, underscores our unwavering commitment to crafting a space that is not only iconic but also enduring in its significance.

Building for the Future — In solidarity with individuals who served on the Board of Directors in 1974 and under the supportive gaze of our political and community leaders, we are not merely engaged in rebuilding; rather, we are actively reinventing and reinvigorating the very essence of our community. The Irish Cultural Center is poised to become a landmark of heritage, a beacon of innovation, and a welcoming home for all, echoing the diverse and dynamic spirit of San Francisco for generations to come.

Head to the bookstore or library and pick up the next title for **The Reading Room**, our virtual **Book Club**, at **7:00 p.m.** on **Wednesday, March 20, 2024!**

Longlisted for the 2023 Booker Prize and shortlisted for the 2023 An Post Irish Book Awards Novel of the Year, **How to Build a Boat** by **Elaine Feeney** is the story of how one boy's irrepressible dream finds expression through a community propelled by love out of grief.

Lyrical and compassionate, it's a novel about the courage of conviction and the power of the imagination to transform—and how sometimes the best way to break free of old walls is to build something beautiful within them.

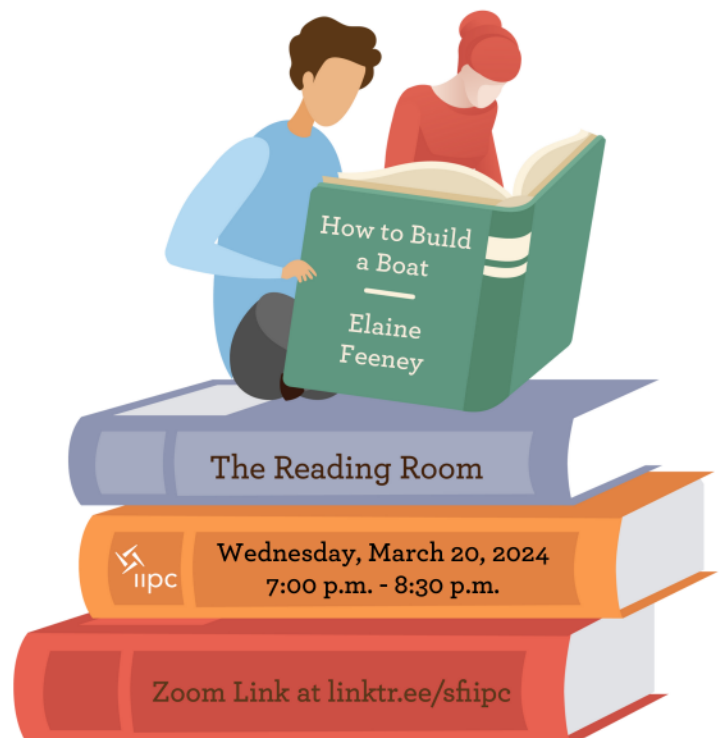

Join us on **Wednesday, March 20, 2024** at **7:00 p.m.** for another lively and entertaining discussion!

Go to linktr.ee/sfiipc to find the link! See you there!

We will meet over **ZOOM** on the **third Wednesday of every OTHER month** (March, May, July, September, and November) from **7:00 p.m. - 8:30 p.m.** You don't have to read every book to join The Reading Room. Choose only the books you are interested in reading, and remember, there is no shame in coming to The Reading Room with the book unfinished. We welcome everyone's input and observations.

The next two books are:
Prophet Song by Paul Lynch [May 15]
Did Ye Hear Mammy Died by Seamas O'Reilly [July 17]
